It would be an act of kindness to those men who have been distanced in the Judgeship race for the President to let them know it.

There is one thing Cannon's enemies cannot accuse him of, and that is not paying his friends for standing by him when he gets into a tight place.

The Republicans want Taft to eat his words and put Western District Republicans ahead of Eastern District Democrats in the race for the Judgeship.

It is said the strain of his position is beginning to tell on Taft already. The Eastern District Judgeship alone has been enough to upset the nerves of any ordinary man.

The postmaster at Spencer wants to swap that \$1,500 job for the office of mayor of his town which pays a tenth as much salary. Will somebody explain that?

Roosevelt's first important act after leaving the American shores was to establish an Ananias Club for France, a Paris newspaper correspondent being the first man initiated.

Now that the charge of the Democratic brigade on the White House is over we suppose the President will be able to give attention to the selection of a man for Judge of the Eastern District.

It's all nonsense to talk about Taft vetoing the tariff bill. It may not come to him in the shape he desires, but he will not dare to undo all the work of a three or four months' session of Congress.

Things are too quiet about the White House to suit the Washington people. They miss the dinner and blitzen performances with which they were entertained during the seven years of Roosevelt's rule.

United States Engineer Reports on Drainage of Mattamuskeet Lake in Hyde.

THE HALIFAX ANNIVERSARY

Holiday in State Yesterday For First Time — W. S. Primrose Dead. Other News Notes of State Capital.

(Special Star Correspondence.) Raleigh, N. C., April 12.—The State Board of Education today received from Engineer W. E. Hearn, of the bureau of soil survey of the United States Department of Agriculture, a report of a soil survey of Mattamuskeet Lake, in Hyde county, for the draining of which there is a movement on foot now that promises to materialize.

There are sixty thousand acres of land under water in the lake, the average depth being seven feet. Altogether about eighty thousand acres will be claimed for cultivation through the successful draining of the lake, and expert opinion is that the lands thus made available for agriculture will be about the most fertile anywhere in America. The drainage will have to be effected through pumping plants and there is just a possibility that Mattamuskeet is fed by some under ground stream from one or another of the lakes a little further inland. If this is the case the drainage will be very much more difficult to say the least. The board of education will decide very soon how finally whether or not the State will undertake this drainage scheme. If it is deemed best not to undertake it there is a standing offer of \$60,000 for the 60,000 acres covered by the lake, the private corporation then to undertake the drainings of the lands on its own account in conjunction with the adjacent land owners to be benefited.

North Carolina for the first time today observed April 12th as a legal holiday in commemoration of the famous Halifax Revolves, leading up to the Revolutionary war. The act creating this holiday was passed by the last Legislature at the instance of Senator E. L. Travis, of Halifax county. The State offices are all closed.

A distinct sorrow cast its shadow on the Easter morning joys in Raleigh through the news of the death of Mr. W. S. Primrose, one of this city's most honored and esteemed citizens, having passed away at 4 o'clock Easter Sunday morning. Mr. Primrose has been ill for several weeks with a complicated disease of the stomach which the physicians were never able to exactly diagnose. He was 60 years old. For several years past he has gone into every part of the State as an adjutant of fire insurance. He was active in the founding of the A. & M. College and was for many years an active trustee. He began life here in the banking business, being cashier of one of the banks. Later he became president of the North Carolina Home Insurance Company, serving ably in this capacity for a long while. He leaves a widow, who was Miss Ella Williams, four sons and one daughter, John Primrose of New York; Henry Primrose, of Portsmouth; Owen Primrose, of Dunn, and Jessie Primrose, of Raleigh. The daughter is Mrs. McPherson, of Raleigh. The funeral was conducted from the First Presbyterian church, of which he has been an elder and choir-master for a number of years, this afternoon at 5 o'clock.

GEN. STOBART LEAVES.

Distinguished Pythian Conferred With Promoters of Guaranty Co.

Major General Arthur J. Stobart, commander of Pythias of the United States, who has been the guest of Capt. T. D. Meares, in this city, during the past two days, left last evening for Greensboro, N. C., where he will visit the K. of P. lodges in that city in the interest of the Uniform Rank. Yesterday morning Gen. Stobart visited the beach with his host and was shown many other pleasant attentions while here. In the afternoon he had the pleasure of a conference with the incorporators of the recently chartered Carolina Bonding and Guaranty Corporation, being promoted by the local banking interests. Gen. Stobart having been formerly connected with an enterprise of that kind at his home in St. Paul, Minn. The commander of the Uniform Rank will be pleasantly remembered in Wilmington by many acquaintances made on his visit just concluded.

AN IMPORTANT DRAINAGE

Government to Send Expert Engineers to Survey Overflow Lands of Cape Fear in Bladen and Pender Counties.

After having had the matter up for several months, personally and by correspondence with several of the departments at Washington, Congressman H. L. Godwin giving his active and enthusiastic co-operation, Mr. B. F. Keith, of this city, has been successful in his efforts to secure Federal aid in the proposed reclamation of overflowed lands along the Cape Fear river where such havoc was wrought last August by the unprecedented floods in the Kelly's Cove and Natmore sections of Bladen county.

Mr. Keith yesterday received a letter from Mr. C. Q. Elliott, chief of drainage investigations, United States Department of Agriculture, stating that in response to Mr. Keith's efforts in the matter of a survey for the location and estimate of a levee along the Cape Fear river, Mr. J. O. Wright, supervising drainage engineer of the department, will arrive in Wilmington tomorrow, the morning of April 14th, and will be pleased to meet Mr. Keith and accompany him on a trip up the river to look over the situation and make general plans for the conducting of the field work. The letter also stated that Mr. J. V. Phillips, an engineer of the department, with his instruments and an assistant, will be in Wilmington at the same time and will accompany Mr. Keith and Mr. Wright up in the section named.

When a plan for the survey has been outlined in detail, the latter states Mr. Phillips and his assistant will proceed with the work of securing the necessary data for locating the line of such a levee as will be required for the reclamation of the lands. Mr. Wright will take up with Mr. Keith the first steps connected with the organization of a drainage district under the State law for the execution of the work and it is hoped all of the people will be interested in the reclamation project so there will be no difficulty in effecting a strong organization for carrying out such work as may be recommended by the department.

The proposed reclamation will embrace Canetuck township, in Bladen and French's Creek township in Pender, in the Kelly's Cove and Natmore sections where water breaks over the Cape Fear banks and floods the low lands for many thousands of acres in extent. The land when reclaimed will be as fine as there is in the United States and the project is a very important one and means much for the development of all that section of the country. It is understood that already there is a movement on foot looking to the building of a car line from Currie to Centerville, a distance of 17 miles, and that the line will be operated by electricity developed at what is known as the Collier mill, where 2,000 horse power is already available.

Much interest and importance attaches the visit of Mr. Keith and the government experts on Wednesday. They will probably travel by private conveyance from Wilmington so that the ground may be gone carefully over.

BASEBALL YESTERDAY

Academy Team Won Game From High School at League Park.

A rather interesting and hard fought game of baseball at League Park yesterday afternoon between the teams of the Cape Fear Academy and Wilmington High School, resulted in a victory for the first named by a score of 6 to 0.

Both teams played well for amateurs and a number of features to the credit of each added to the interest of the contest. Gilbert, for the Academy, and Davis, for the High school, pitched good ball and were given fine support. The Athletic Association of the High School is making efforts to pay off debts made in past games, and the game yesterday was for this purpose, but the attendance was very small. It is probable that other games will be played, with the object of raising the deficit.

While in no wise "sore" over their defeat at the hands of the Academy team, the High School management claims that only five of their opponents were bona fide students of the institution they purported to represent. The management also says that the High School was debarrred from pitching Schulken, their career slab artist.

LOCAL MARKET FOR BONDS.

Southern National Bank Strong Bidder For Approved Securities.

It is a matter of city pride that Wilmington is developing into quite a financial centre as regards the bond market. Recently the Southern National Bank of this city in competition with about 20 other bidders was awarded \$40,000 of Kershaw, S. C. county five per cent. bonds at \$1.0915. The Southern National, of this city, was also recently the second highest bidder for an issue of \$250,000 Spartanburg, S. C. bonds. On the large issue of Wilmington bonds recently offered the Southern also made quite a flattering offer.

LEAGUE BALL BEGINS

Four Teams of American Association Inaugurated Season of 1909 on Yesterday.

A. & M. DEFEATS BAPTISTS

Resume of Outlook on the Major League Circuits—Other College and Exhibition Games Yesterday—Guilford-Davidson.

The present week will witness the formal opening of the baseball season of 1909 on the major league circuits of the country and already the local worshippers at the shrine of the ball and mit are picking the winners. The eastern wing of the American Association opened yesterday at Washington with a victory for the locals over New York in a score of 4 to 1 and at Philadelphia with a victory for the home team by a score of 8 to 1.

Tomorrow the Eastern clubs of the National League will engage each other while the Western Clubs will start the ball on their grounds. The Western branch of the American will also get into action tomorrow with Chicago at Detroit and Cleveland at St. Louis.

Radical changes in team opposition and managers this year have increased the uncertainties of the pennant race. In the National League the New York club has practically a new outfit, while the pitching staff has been strengthened. The Chicago will be without the services of Catcher Kling and Second Baseman Evers, during the early part of the season at least. Pittsburgh remains practically unchanged; while the Philadelphia will present the same formidable array of players as last year. Roger Bresnahan, former catcher of the New Yorks, is now at the helm of the St. Louis club made up of young players. The Cincinnati club has Clark Griffith as its new manager, and he has secured a fine pitching staff. The Boston club will be guided by Frank Bowman.

Many changes will be noted in the American League. Fielder Jones will be missed from centerfield and as manager of the Chicago club, and Catcher Sullivan probably will succeed him. With optimism at third the Detroit team again has pennant aspiration. Manager Lajoie, of Cleveland, has braced his pitching department by the acquisition of Cy Young from Boston. St. Louis will make the race with the same team that did so well last year while the Philadelphia, Washington and Boston clubs have been strengthened. New York has a new manager, George Stallings, who has developed a team of youngsters.

Games Yesterday. Washington, April 12.—The American League season was opened here today in a game between the Washington and New York Clubs before which was said to be the largest crowd that has ever turned out in this city, there being about 15,000 paid admissions.

The game was won easily by Washington. The locals batted hard at critical points and were helped along by costly errors of the New Yorks.

Pitcher Charley Smith was a great puzzle to the visitors who are credited with only four hits, the triple of Knight being of the lucky order as Milan fell and lost the drive in the sun, the ball bounding over his head. Newton began twirling for the New Yorks, but after four innings gave way to Brockett.

The fielding feature was a remarkable one-handed catch by Left Fielder Engle of a long fly in the third. There were three men on the bases and only one out at the time. Score: Washington.....301 000 000—4 3 1 New York.....000 100 000—1 4 3 Batteries: Smith and Street; Newton, Brockett and Kleinow. Umpires Evans and Egan. Time 2:05.

Philadelphia, April 12.—The American League season was opened in this city today with the largest crowd that ever witnessed a baseball game in this city—30,162 paying for admission. The occasion marked the opening of Shibe Park, the new half million dollar home of the Philadelphia American League Club. So great was the rush for the park that the gates were closed at 2 o'clock, one hour before play started, and thousands of persons were turned away.

Philadelphia outplayed Boston both in pitching and at the bat. Plank was in grand condition and held Boston to six hits. Boston's pitchers were batted hard and nearly all the hits off them were bunched. Score: Philadelphia.....102 010 31x—3 13 2 Boston.....000 001 000—1 6 2 Batteries: Plank and Powers; Arelanes, Ryan and Carrigan. Umpires Hurst and Connolly. Time 2:05.

College Games.

Raleigh, N. C., April 12.—A. & M. won probably the prettiest game of college ball played here this season from Wake Forest after it had to all appearances been Wake Forest's game up to the 8th inning this afternoon. The score was 5 to 2, all Wake Forest's runs being bunched in the fourth inning and A. & M. in the eighth. There were eight hits and two errors for A. & M. and five hits and four errors for Wake Forest. The batteries were Sexton and Council, for the Farmers, and Pope and Harris, for the Ministers. The Farmers' victory was

FLAG RAISING EXERCISES

Pretty and Inspiring Ceremonies Yesterday Noon on Hemenway Grounds—Addresses by Superintendent and Chairman.

Beneath the radiance of a glorious Easter sun, more than eight hundred bright-faced and happy children assembled on the campus of Hemenway School yesterday noon and took part in very interesting and inspiring ceremonies accompanying the raising of a very handsome American flag on the grounds of the well known and popular institution.

The flag and a tall pole from which the colors will proudly float was recently purchased by the children themselves and it was altogether fitting that they should yesterday have the main features of ceremonies attending the raising of the stars and stripes at their school. The children assembled singing a patriotic song, "There Are Many Flags," after which Superintendent John J. Blair made a brief introductory address explaining the significance of the occasion and announcing the appointment of a flag commission composed of Messrs. Donald Parsley, Robert Taylor and Chas. L. Hudson, charged with the pleasant responsibility of seeing that the colors are hoisted at 8:45 o'clock each morning and lowered each afternoon at 2:15 o'clock during the scholastic year.

Following these preliminaries, the flag was run up the eighty-six feet length of the pole while the children merrily sang "The Star Spangled Banner." The flag was formally accepted from the student body by Mr. J. A. Taylor, chairman of the school committee, who made a most happy address, dwelling upon the influence for patriotism that the colors would always inspire and explaining some of the symbolism and beauties of the colors.

At the close of the exercises the students gave a very hearty vote of thanks to Messrs. E. C. Yarbrough, C. L. Cook and J. R. Nance, of the Southern Bell Telephone Co., for their kindness in raising the pole for them on the grounds; to Mr. S. J. Davis for the free use of a team in hauling the pole and to Mr. Porter, the carpenter, who assisted with the finishing of the staff. In addition to the new flag raised yesterday the school also highly prizes a very handsome flag recently presented to Hemenway by the Junior Order of United American Mechanics, this also being on display yesterday.

FROM FORT CASWELL

Great Game of Baseball—Other News From United States Army Post.

(Special Star Correspondence.) Fort Caswell, N. C., April 10.—One of the most interesting games of baseball ever seen on a baseball diamond was witnessed here this afternoon when those mighty Senators won from the Tiger squad by a score of 7 to 5. The chief cause of the Tiger's defeat was inability to hit with men on bases, 14 men having perished on the bags, to only eight for the Senators. The Tigers tied the score in the eighth, but the Senators came back in their half of the ninth with two runs and a lead which the Tigers could not hew down though they got men on all three bases. With two out, Curtis struck out the last man up on three pitched balls. Weir pitched for the Tigers and showed up fine in his first appearance of the season by pitching himself out of several tight places without allowing any runs, after the bases were all occupied. Curtis, for the Senators, also showed up in fine form and at no time except in the eighth was he in any great trouble. The feature of the game was Clerk's work at first base for the Senators. The Cubs now lead the league with 667, the Senators second with 500 and the Tigers last with 333.

Preparations are being made by the men here to organize a vaudeville troupe and rehearsals are to start soon. Some fine talent is available here and a fine programme will be arranged.

Captain Corput, C. A. C., left Friday for New York, accompanied by Mrs. Corput. It is not known here whether he will return to Caswell or not—Colonel Ludlow, District Commander, leaves in a short time on leave of absence for several days.

due to bunched hits at a critical time and a combination of errors by the Ministers. The features of the game were the hitting of Harris, for A. & M., and the work of Pope in the box for Wake Forest. Harris, of the latter team, won laurels on base throwing thwarting four attempted steals. There was a big Easter Monday crowd and great enthusiasm.

Macon, Ga., April 12.—The Macon team of the South Atlantic League defeated Mercer University today in a game featured by the remarkable pitching of Sam Weems. Neither team made an error. Weems did not give up a hit, nor walk nor hit a batter; struck out 14, and retired 27 successive batters. He equalled the world's record held by Cy Young and Addie Joss. Score 1 to 0 in favor of Mercer.

SUIT AGAINST CITY

Former Cape Fear Pilot Asks \$10,000 Damages in The Superior Court.

ALLEGES PERSONAL INJURIES

Plaintiff is Capt. J. A. Burriss—Fell Into Excavation in Sidewalk Early Morning of December 1905. The Attorneys Engaged.

The second week of the April term of New Hanover Superior Court convened yesterday morning at 10 o'clock, Judge W. R. Allen, of Goldsboro, presiding, and after formally organizing with the new jury for the week, the entire day was taken up with a hearing of the suit brought by Capt. J. A. Burriss against the City of Wilmington, alleging damages of \$10,000 as the result of personal injuries received before day on the morning of December 16th, 1905, by falling into an excavation in the sidewalk near his home, Front, between Orange and Ann streets.

When court took a recess yesterday evening at 6 o'clock the plaintiff had introduced a number of witnesses and rested, the defendant to begin its testimony when court convenes this morning at 9:30 o'clock. It required only about an hour and a half to secure a jury yesterday morning, the panel having been completed at 11:20 as follows: Messrs. T. K. Curtis, J. Irving Bear, J. L. Sutton, Otto Bank, J. C. Newton, B. H. Honston, W. A. Taylor, H. B. Willson, W. G. A. Oster, S. O. Frink, Alfred Milliner and W. G. Womble. Of the jurors summoned for the day and week, Capt. W. L. Beery, Messrs. W. P. Craig, J. E. Gause, and Milton Calder were excused. Aside from the damage suit yesterday, the only other matter taken up was a divorce proceeding brought by Mrs. Minnie C. Prevatt against Jas. R. Prevatt, in which the plaintiff was granted judgment for statutory reasons. She was represented by Messrs. Pait & Woody.

When the Burriss trial was entered upon, the plaintiff's attorneys, Messrs. John D. Bellamy & Son, William J. Bellamy, Esq., and Jos. W. Little, Esq., introduced Capt. Burriss to testify in his own behalf. The defendant municipality is represented by City Attorney Marsden Bellamy, Jr., and ex-Judge E. K. Bryan. Capt. Burriss told of the accident in which he was injured and of his suffering since that time. Dr. W. J. H. Bellamy followed and also testified as to plaintiff's injuries. Messrs. Sam Seigler, R. S. Rister, Miss Burriss, a daughter of the plaintiff, and John Newton testified as to the excavation, alleged to have been improperly left without lights or barriers by the city, and of Capt. Burriss' physical condition before and after the accident. Dr. Russell Bellamy was the first witness after the noon recess and told of examinations of the plaintiff and gave expert opinion as to tuberculosis, set up by the defendant city as a cause of plaintiff's physical disability. Messrs. William Goodman, J. W. Brooks, J. W. Craig, S. P. Craig and W. N. Harris testified as to plaintiff's good character.

Dr. T. S. Burbank was introduced by consent before plaintiff rested and gave expert opinion as to plaintiff's condition, stating that at a term of court in 1907, by direction of the court at request of defendant's counsel, he made a physical examination of Capt. Burriss and found him sound as a dollar with the exception of a slight tuberculosis infection of one lung. It is expected that the case can be completed by this afternoon and the attorneys on both sides are bending their energies in that direction. The case was heard at a term of court in 1907, but a mistrial resulted. It is being hard fought for a verdict one way or the other at this session of court.

Annual Meeting Stockholders.

The ninth annual meeting of the stockholders of the People's Savings Bank will be held this afternoon at 4 o'clock at their handsome banking house, corner of Front and Princess streets. The annual reports will show a year of phenomenal growth as the recent very substantial increase of the dividend indicates and all stockholders are requested to be in attendance.

Killing at Bolton.

Meagre particulars reached the city yesterday of the killing of a negro at Bolton, Columbus county, on Saturday night. From all accounts a negro barber had a quarrel with another negro about some money, the latter having opened fired on the barber, who shot his adversary dead, a coroner's jury later deciding that the barber had acted in self defense.

Gave an Easter Egg Hunt.

Miss Maxie Brown, the attractive young daughter of Mr. and Mrs. J. O. Brown, No. 617 South Sixth street, delightfully entertained a number of young friends yesterday afternoon at an Easter Egg hunt, which was much enjoyed by a score or more of guests. Refreshments were served and a number of interesting games were played by the young people.

COTTON STALK PAPER MILL

First Ever Erected Will Be at Cordelle, Ga.—The Output.

(By Wire to the Morning Star.)

Cordelle, Ga., April 10.—Dirt will be broken here Monday morning on the first cotton stalk paper mill ever erected. The Southern Cotton Pulp and Paper Company has been chartered with a capital stock of \$175,000 and the material is on the ground for the erection of the buildings.

The capacity of the plant will be 25 tons per day. About 40 tons of cotton stalks will be consumed in making a day's output. News print-paper will be the principal product.

Two men were killed, two more were probably fatally injured and fifty other workmen narrowly escaped death when a charge of dynamite was exploded by accident Saturday in a quarry of the Illinois Stone Company at Leont, Ills. The charge had lain in the stone last fall.

—Wilson, April 10: The smoke stack on the Wilson electric light plant is one hundred and ten feet high. It became necessary to paint this high tower, and Mr. Thad Farmer, a Wilson painter, was awarded the contract. How to reach the top of the stack without erecting a scaffold caused him to scratch his head many times. At last it occurred to him that a sky rocket would do the work. Accordingly he procured one of the sky scrapers and placed it inside of the stack. To the staff of the rocket he attached the end of a wire which was on a spool. Having everything in readiness he applied a match when a hissing sound was heard and out went the "cloud chaser" at the top end of the stack. Then the battle was half won. All that remained to be done was to tie a stout rope to the end of the wire that was kept on the spool and haul away, make a sling, get his paint brush and sop the old ugly thing from top to bottom.

Strain Too Great

Hundreds of Wilmington Readers Find Daily Toil a Burden.

The hustle and worry of business men. The hard work and stooping of workmen.

The woman's household cares. Are too great a strain on the kidneys.

Backache, headache, sideache, Kidney troubles, urinary troubles follow.

A Wilmington citizen tells you how to cure them all.

James Hansley, 309 North Fifth street, Wilmington, N. C., says: "For some time my back and kidneys troubled me, no doubt due to constant standing. I had dull, nagging backaches and a sharp pain across my loins. I could not stoop or lift without having twinges throughout my body. The kidney secretions contained a heavy sediment and were too frequent in passage. When I learned of Doan's Kidney Pills, I procured a box from Robert R. Bellamy's drug store and used them as directed. In a few days the backache and other annoyances ceased and have not returned since. I give this testimonial in the hopes that some other sufferer from kidney trouble may be benefited thereby."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

AN OPEN LETTER TO OUR FRIENDS AND PATRONS

TWO YEARS AGO we opened our doors for business, setting our ideal of perfection at the highest commercial notch. With a bound it seemed to leap into popular favor, and the consequences have been wonderful upward strides, a constant bettering of our merchandise, a constant increase in varieties, daily improvements in our store service, and a tremendous increase in our great and growing business.

This record of successful effort was not made possible by our work alone, and never have we appreciated more than now our obligation to our good friends and patrons who have made this condition possible. We have never allowed ourselves to feel that in simply giving a customer his or her money's worth we had fulfilled our whole duty, but tried to perform that duty in such a way as to assure them that we appreciate their patronage.

In an age where The Best is the recognized standard of achievement in every field of endeavor, our store becomes a synonym for supremacy in clothes. A store where exclusiveness in style is more than a mere phrase—where merit of a high order is the unfailing stamp of distinction—where men are accustomed to come and choose with pleasure their apparel from season to season, knowing that the finest clothes the world produces are the clothes we sell every day.

WE ARE SOLE AGENTS FOR

"Stein-Bloch Co.'s Smart Clothes"

and **Michaels-Stern's**

"THE BEST WORN, WORN BY THE BEST."

These are our leading lines and they represent all that is desirable in high grade ready-to-wear garments. For Boys and Children we are agents for N. Snellenberg & Co. The clothing of Boys of all ages is our specialty, and we can demonstrate this assertion to your satisfaction.

The old saying, "every man to his trade" is no longer applicable to the trade of clothes making. Nowadays it should read "every man to his SPECIAL part of his trade," for that is the way it is done by the wholesale tailors who build our garments. For example: our clothes for young men are turned out independently of the older men's—they are designed, planned and executed independently, resulting in the creation of individual styles for the younger generation.

The Theatre

The Crystal Palace's Easter offering is a most delightful one and should prove a big box office winner. As a holiday attraction it is said to be a great success and yesterday scored big before large audiences. The top-tailers of the bill are Howard and Val-larreal and they present an act that is said to be pretty, artistic and novel, embraces a number of delightful elements and is presented with special scenery, which is something exceptional and attractive within itself. The baseball song by the team is up-to-date and stirring, while the singing is good and the crayon drawing by Mr. Howard makes a splendid climax. The drawings are pretty and most artistic. Another good act on the programme is one presented by Milan and Dubois. It is a pretty and refined sketch, in which there occurs some bright singing. The other act on the bill is presented by Billie Thompson, who does a lightning change stunt and some sweet singing.

Big Bill at Bijou.

The Bijou makes an extraordinary offering for today, the feature being a special Vitagraph film of the inauguration of President Taft on March 4th. A special staff of Vitagraph artists were sent to Washington and despite the weather, secured a number of fine views of different phases of the great event. Other films today will be "Tommy's Own Invention" and an interesting picture of the "Summer Home for the School Children of Paris."

The LeGrand.

The LeGrand will open the after-Easter season with up-to-date films this afternoon and evening. Forty-five minutes of fine amusement is given for the small sum of five cents and the public is invited to call round and see the pictures.

LAURINBURG FOR SCHOOLS.

Only Five Votes Against \$30,000 Bond Issue There Yesterday.
(Special Star Telegram.)

Laurinburg, N. C., April 12.—The graded school election here today places Laurinburg at the front again in school matters. Only five votes were cast against the school. The Quackenbush private school so excellently for years that the need for a graded school was not felt until recently. Two years ago the proposition was defeated. A \$30,000 bond issue will be sold at once and buildings erected ready for the fall term. The town has several small private schools of efficiency but not sufficient for a progressive community.

LOCAL DOTS.

—The regular quarterly meeting of the Board of Directors of the Associated Charities will be held at the office of the Association this morning at 11 o'clock.

—Carbon coal for the Acme Self Heating Iron may be bought from Stewart & Otersen, 603 North Fourth street, who will be pleased to give instructions as to how to burn it.

—The schooner Nellie W. Craig, Captain Lane, arrived yesterday from Newport News, Va., with cargo of coal for the Springer Coal Company to be discharged at the Swift Fertilizer works.

—East Wilmington truckers expect to ship a solid car of lettuce today. The market yesterday showed some improvement, Philadelphia quoting well headed stock at \$2 to \$2.50 and light \$1.50 to \$1.75.

—Bertha Merrick, colored, on the charge of an assault on her mother, was tried in Justice Bornemann's court yesterday but the action was dismissed for lack of evidence and the prosecutor taxed with the costs.

—The British Vice Consul at the request of Captain Brown, of the steamer Bangor, has asked assistance of the police in apprehending three seamen, Robert Foley, Geo. Harle and B. McSweeney, who deserted the ship since its arrival in port.

—A permit was issued yesterday by Building Inspector Charles Schnibben to H. J. P. King, for the erection of a two-story dwelling, on Queen between Seventh and Eighth streets, at a cost of \$1,500. Messrs. Dickerson and Eubanks are the contractors.

—The British steamer Gladestry, Capt. Jackson, arrived in port yesterday from Huelva, Spain, with cargo of pyrites for the Virginia-Carolina Chemical Company. The vessel is consigned to Alexander Sprunt & Son and will probably load cotton for foreign markets after discharging.

—Henry Meekins and W. H. Howe, both colored, were tried before Justice Bornemann yesterday on peace warrants and for assaults. The first named was required to give a justified peace bond of \$50 to keep the peace two months, and Howe was found guilty of an assault.

Deeds filed for record yesterday were as follows: Wm. M. Bellamy, commissioner, to Thos. R. Mask, for \$111, southeast corner of 14th and Chesnut streets, 66x165 feet in size. Mrs. Annie Chowaniec, of Bradford, Pa., to Jan Rykaczowski, also of Bradford, for \$10 and other considerations, Farm No. 11 of the Marathon Tract, at Castle Haynes, containing 10 acres, more or less.

—The ladies of the city will be interested in a special demonstration of Durkee's Salad Dressing by an expert at the store of the Wilmington Grocery Company, 125-127 Market street, today and tomorrow. The ladies are cordially invited to go to the store, try the salad and receive free with each purchase of Durkee's Salad Dressing an extra sample bottle and a valuable recipe book.

—Members and friends of the congregation who wish to contribute articles to the rummage sale to be given by the ladies of the Home Missionary Society of the First Presbyterian Church at Immanuel Presbyterian Church on Thursday, Friday and Saturday of this week, from 10 to 6 P. M. daily, are requested to please notify Mrs. J. K. Wise, 110 Nun street by Wednesday morning. The sale is for the benefit of Immanuel Kindergarten, a charity that should receive a most liberal support.

FOR THE FLOOD SUFFERERS.

Those Who Lost in Freshets Receive Corn From Government.

As a result of the recent visit of Mr. B. F. Keith and Lieut. R. S. McKennie, U. S. A., to the flood district along the Cape Fear river in the Canetuck and French's Creek township sections of Bladen and Pender counties, more than a thousand bushels of seed and feed corn has been sent to flood sufferers in those regions out of an appropriation of \$1,000 lately secured by Congressman Chas. R. Thomas. Between 700 and 800 bushels were sent to the sections named and about 275 bushels up the Northeast river to the Holly Shelter territory where crops were destroyed in the earlier freshet. Directly after the flood, Lieut. McKennie, reporting to the War Department, gave the opinion that the people would feel the worst of their loss when planting the coming crop came on and the recent visit fully justified this opinion, the corn being shipped soon after his return with Mr. Keith. Prior to the shipment of the seed corn, other seed was furnished to those in need out of what was left over of the fund raised by citizens in Wilmington directly after the freshets. The aid given by the government has been a Godsend to the people in the sections named.

Capt. Broadbent Leaves.

Capt. H. M. Broadbent, who has been in command of the revenue cutter Seminole for the past few months and was recently transferred, left Sunday night for Atlantic City, N. J., where he will spend the leave of absence granted him with his family. He intended going home last Thursday, but the cutter was unexpectedly called out to a distressed vessel and returned to port Sunday morning. Capt. D. P. Foley, his successor will probably arrive the latter part of the week.

THE DELEGATION RETURNS.

Saw President Taft in Interest of Mr.

George Rountree—Other Matters.

The delegation of Wilmington citizens who saw President Taft in Washington Saturday in the interest of Mr. George Rountree for the Eastern Federal judgeship, returned yesterday from the capital well pleased with their reception at the White House. They were introduced by Senators Overman and Simmons, the bar being represented by Hon. John D. Bellamy, ex-Judge E. K. Bryan and Mr. J. O. Carr, while President J. A. Taylor, president of the Chamber of Commerce, spoke for the business interests of the port. Mr. Taft received the North Carolinians very cordially, asked a number of questions and made notes of the interview, but gave no intimation as to his probable appointment.

While in Washington, the committee secured other information of interest at Wilmington, one item of which was a promise to President Jas. H. Chadbourn, of the North Carolina Waterways Association, that Senator Simmons and members of the Inland Waterway Commission, created under the recent act of Congress with reference to the extension of the survey from Beaufort via Wilmington and further south, would visit Wilmington in the near future on an official inspection.

It was also learned that in response to the request of the Board of Commissioners of Navigation and Pilotage, through Senator Overman, that the Weather Bureau will probably be re-established at Southport for the benefit of shipping. In response to the same request, Senator Overman also called at the Hydrographic Bureau of the Navy Department and secured the promise that in future Wilmington would be given a position of greater prominence in the charts issued from the Bureau.

JOHNSON GETS SENTENCE.

Whiskey Case and Others Investigated Before Recorder.

Charged with selling intoxicants from his back, as testified to by witnesses, Dandy Johnson, colored, who was arrested by Sergeant C. S. Burnett Friday morning, was tried before the Recorder yesterday, and after a rather lengthy hearing in which he was found guilty was sentenced to serve six months on the county roads. There were five witnesses in the case, who testified that three of them clubbed together, gave the negro \$1.25 and he produced a quart of gin. The evidence against him seemed conclusive, although the defendant strongly denied the charge. He was represented by Messrs. Brooke G. Emple and A. J. Marshall, and his attorneys immediately gave notice of appeal and his bond was fixed at \$400. Johnson was unable to give the security and was sent to jail. The case was prosecuted by County Attorney Marsden Bellamy.

Joseph Fee, the colored barber arrested Saturday night, accused of stealing a diamond pin from T. A. Lyon, a traveling salesman, was discharged. Mr. Lyon, it will be recalled, claims that the pin, which was a very valuable one, was stolen while he was in a barber shop on Second street. The evidence against the negro was not sufficient to hold him for higher court. He was represented by L. Clayton Grant and W. P. M. Turner, Esqs.

Warren Dixon and Jessie Miller, on drunk and disorderly charges, were taxed with the costs. Mack Godwin, colored, was tried for wilful trespass on a warrant sworn out by Jessie McCulloch. He was discharged and the prosecutor paid the costs.

WARM WIRELESS.

There is a rumor at Muskogee, Okla., that Crazy Snake, chief of the Creek Indians, who has been sought by the State militia for the past two weeks is dead, but it cannot be verified.

Ten men were seriously injured and a score or more were hurt in a head-on collision on the Chicago, Lake Shore & Southbend interurban line, two miles west of Gary, Ind., yesterday.

A severe earth shock was experienced at five minutes past 3 o'clock at Lima, Pa., yesterday morning. The movement was from east to west and was accompanied by subterranean rumblings. No casualties resulted.

Another heavy frost last night did extensive damage in the Norfolk county, Va., trucking belt on both sides of the Elizabeth river and its branches. Early truck, including beans, potatoes and strawberries, which escaped the Friday night frost were destroyed almost completely.

FAYETTEVILLE NEWS.

Mrs. Mims Lectures on Christian Science—Road Engineer Arrived. (Special Star Correspondence.)

Fayetteville, N. C., April 12.—Mrs. Sue Harper Mims, C. S. D., of Atlanta, Ga., lectured on Christian Science in the Lafayette Theatre, on Person street, Sunday afternoon to a large and representative audience. "Christian Science, the Christianity of Jesus" was the subject of her address, which was scholarly, profound and gracefully delivered. The lecturer was introduced by Mr. A. H. Stocumb, of this city. This was the first lecture ever given in Fayetteville by a member of the Christian Science Board of Lectureship of the First Church of Christ, Scientist, in Boston, Mass., the official propaganda for setting forth the philosophy of Christian Science from the standpoint of its adherents.

Capt. R. E. Toms, an engineer of the Agricultural Department of the Federal government, has arrived here under the direction of the Department to construct an object lesson road in the vicinity of Fayetteville. Considerable attention is being given to building modern roads in Cumberland, special legislation with that end in view having been secured recently from the Legislature, the Chamber of Commerce being especially instrumental in this work.

Two Old Adages.

There are two old adages. "Haste makes waste" and "Make haste slowly." That every one should employ when they undertake to cure a cough in a few minutes with preparations containing morphine, opium, chloroform or other narcotics. They may stop the cough and cause sleep quickly, but they also dry up the secretions and constipate, leaving oftentimes a far worse trouble. Rydale's Cough Elixir is guaranteed under the Pure Food and Drugs Law to contain no opiates nor harmful drugs of any kind or character. Think about it when you or one of the children have a cough. ECZEMA CURE A MIRACLE?—NO, JUST SOUND SCIENCE

Physicians now admit the superior value of simple medicines for all diseases.

For eczema and other skin diseases certainly nothing in the world could be simpler than oil of wintergreen, carefully combined with such well known healing and antiseptic substances as thymol, glycerine, etc. Read this letter:

"A few years ago eczema covered my limbs, part of my body and began breaking out on my face.

"I began using oil of wintergreen mixed with thymol and glycerine in D. D. D. Prescription. Used five bottles and was cured sound and well. My druggist said it looked almost like a miracle to him, but he explained to me that the use of this oil of wintergreen was just sound science.

"That has been almost a year ago and I see no signs of the disease returning.

"My skin is just as soft and nice as it ever was."

D. P. MILLER, Smithville, Mo.

Such a wonderful experience we feel speaks for itself.

Pelican and Flamingo.

The hook of the pelican's bill is red, and undoubtedly the fable that the pelican feeds its young with blood from its own breast originated in the bird's habit of pressing the bill upon the breast in order to more easily empty the pouch, when the red tip might be mistaken for blood. Another explanation is that the pelican became confused with the flamingo, which discharges into the mouth of its young a secretion which in color resembles blood.

The Swine or the Flower?

Ah me! I saw a huge and loathsome sty, wherein a drove of wallowing swine were bared, whose banquet shocked the nostril and the eye; Then spoke a voice, "Behold the source of lard!" I fled, and saw a field that seemed at first One glistening mass of roses pure and white, With dewy buds 'mid dark green foliage nursed; And, as I lingered o'er the lovely sight, The summer breeze, that cooled that Southern scene, Whispered, "Behold the source of COTTOLINE!"

CALL FOR BIDS.

Proposals will be received by the city of Wilmington in the office of the city clerk and treasurer, at the city hall, up to noon Tuesday, April 20, 1931, for lease of the Academy of Music from June 1, 1931, and continuing for a period of ten years thereafter. All bids must be sealed and in writing and each bid must be accompanied by a certified check for \$100.00 from the bidder, said check to be returned to him either upon refusal of his bid or upon the acceptance and furnishing by him of bond sufficient to guarantee the faithful performance of his part of the agreement. Each bidder must specify in his bid that he will spend not less than \$6,000.00 in rebuilding and improving said Academy of Music and that said improvements are to be made and completed not later than October 1, 1931, vouchers for the amount in detail being deposited in the office of the city clerk and treasurer, and said improvements when made are to become a part of the Academy of Music and the property of the city of Wilmington.

The bidder must also specify that during the term of lease he will make all needed interior repairs and all desired improvements and that his rental, to be paid at periods to be hereafter specified, shall be net to the city of Wilmington.

Committee reserves the right to reject any and all bids.

SPIRITS TURPENTINE

—Durham Herald: With the cotton mill, the hospital, the market house and the city hall all underway at the same time there is going to be something doing in this town this summer.

—Newbern Sun: Large shipments of packed and iced fish continue to leave this market for various points throughout the State, and a number of cities in the western and northern markets.

—Statesville Dispatch: Fredell county has had another barn-burning of incendiary origin, and a negro girl who claims that she and her older sister fired the barn, has been taken into custody. The officers and citizens are searching for the other girl.

—News and Observer: Sheriff Clark of Bladen county yesterday morning brought to the State's prison for safe keeping Henry Spivey, a mulatto, convicted of murder in the first degree and sentenced to be hanged May 10th. The prison at Elizabethtown is almost in the woods and it is difficult without constant watch to prevent friends of prisoners from lending them aid.

—Mount Olive Tribune: Thursday of the coming week, April 15th, will be a big day for Mount Olive, the occasion being the District Meeting of the Knights of Pythias of the Third District, which will be held with Mount Olive Lodge No. 132, and at which time there will be perhaps as many as 150 or 200 visitors in our midst from the twelve towns in the district.

—Whiston Sentinel: Today was "blind tiger" day at the recorder's court and of six cases on the docket disposed of by the recorder five were for selling and delivering liquor and the other one was for drunkenness. The session was well attended and proved to be an interesting one. The receipts amounted to \$65.05, and one man was sent to the roads for six months.

—Duplin Journal: The county commissioners of Duplin county have called an election for Warsaw High School and graded school district to be held on June 5th for the purpose of submitting to the taxpayers of the district the proposition of an increase of 15 cents on the one hundred dollars worth of property and 45 cents on the poll for the erection of a brick school building for Warsaw school district No. 1, white.

—Sellsbury Post: Wednesday about noon Mr. Charles Pennell, son of Mr. Mac Pennell, who lives about ten miles west of Taylorsville, committed suicide by shooting himself. The young man was found lying upon the bed, having perpetrated the awful act by tying a string to the trigger of a gun and discharging the weapon, the entire load taking deadly effect in his body. The young man was married Sunday to Miss Addie Stine. Their relations, it is said, were not congenial. The tragedy is much to be deplored.

—Fayetteville Observer: By resolution of the Chamber of Commerce, Hon. D. A. Tompkins, of Charlotte, has been invited to visit Fayetteville and to deliver an address in celebration of the paving of the main streets of the city, and the turning on of the Little River electric power, and in anticipation of the great future which the improvement of the Upper Cape Fear will bring to us. The invitation was extended some time ago, but Mr. Tompkins has been absent from home and upon his return today, at once wired his acceptance.

—Winston-Salem, N. C., dispatch: Reports to State Secretary Vance show that a majority of the subordinate councils have voted against the resolution passed by a large majority by the State Council at its last session to establish a State orphanage this year for indigent members and children of members of the Junior Order United American Mechanics, provided a majority of the lodges voted in favor of the proposition. The vote received stands 181 for orphanage and 149 against.

—Winston Sentinel: One of the most stubbornly contested legal battles ever fought out in the recorder's court in this city was heard this morning when the cases against Dr. J. Thomas Wright were called, charging him with writing prescriptions illegally. A verdict of guilty was rendered in the three cases tried this morning in which Dr. Wright was charged with writing prescriptions illegally for J. M. Brown, and all of the cases were continued for judgment. The other three cases against him, in which he was charged with writing prescriptions illegally for Irvin Morris, were not pressed.

—News and Observer: The Daughters of the Confederacy, North Carolina division, will build a handsome memorial to those gallant Confederates—the University boys of 1861-65—many of them mere boys, who laid aside their books to join the Southern army. The committee in charge is as follows: Mrs. Jas. Kenan, chairman, Wallace; Mrs. B. F. Long, Statesville; Mrs. H. E. Faison, Clinton; Mrs. H. A. London, Pittsboro; Mrs. C. W. Tillet, Charlotte; Mrs. Josephus Daniels, Raleigh; Mrs. Jas. C. McRae, Chapel Hill; Mrs. Cuthbert Martin, Wilmington; Miss Margaret Pierce, Warsaw; Mrs. Chas. Jacobs, Windsor; Mrs. B. W. Tyree, Durham; and Mrs. E. J. Hale, Fayetteville. In looking over the pages of history of the great war between the North and the South, it will be seen that the old alma mater of the State University furnished over 1,000 soldiers for this cause.

Every Tablespoonful Will Digest 20 Eggs

Or 2½ lbs. of any kind of food that you may eat during any ordinary meal. Kodol will do this, and it is the only preparation that will.

One tablespoonful of Kodol will do you more good than a handful of Pepsin tablets or powders claiming to be digestants. The natural digestive juices of the stomach are liquids. Kodol supplies these. The natural acids of the stomach, and what the stomach needs if weak, are supplied by Kodol, and cannot be conveyed in tablet or powder form.

Kodol digests every particle of food, promotes assimilation, and thus tends to make the entire body healthy and strong. Kodol promotes general good health throughout the entire system. It is a mighty good thing for

you to know how good Kodol is—whether you ever have dyspepsia or not. And you may have it some day—almost every one does. Then Kodol comes in very handy. And there isn't any secret, remember, about why Kodol is such a good digestant—Every tablespoonful will digest 2½ pounds of any kind of food.

Our Guarantee. Get a dollar bottle of Kodol. If you are not benefited—the druggist will at once return your money. Don't hesitate; any druggist will sell you Kodol on these terms. The dollar bottle contains 2½ times as much as the 50c bottle. Kodol is prepared in the laboratories of E. C. Do Witt & Co., Chicago.

GAYLORD'S EASTER SELLING Has Been the Greatest Ever

There have been thousands of ladies thronging our big Millinery Department daily. We have sold them thousands of beautiful Easter and Spring Creations and we have been compelled to double our Millinery and Trimming force in the work room; also to increase the force by half in our sales parlors. And, although it seems we have sold hats enough to furnish all the ladies in this section of land, yet the orders still pour in and new buyers continue to come. It only goes to prove this great truth: Whosoever places upon his tables and counters the best materials, together with the most up-to-date styles and shapes, and employs the most artistic designers and skilled trimmers, and then crowns it all with small cash profits, will find the "millinery trade" making a path to his door, though he build his store in the wilderness.

We thank our lady friends and patrons for their substantial recognition of our efforts to please, and we can assure them that with our increased force and the arrival by this week's steamer of delayed Hats, among which are some of the prettiest and most unique shapes of our Spring buying, there will be no delay in serving your needs, or in trimming your purchase.

THE COTTON MARKET.

(By Wire to the Morning Star.)

New York, April 12.—The cotton market was very active today with near months selling above 10c for the first time since last June. There was something of a reaction in the late trading, but the close was steady at a net advance of 11 to 18 points.

The market opened firm at an advance of 4 to 11 points on an increasing demand from outside sources, covering of shorts and aggressive support from local and western bulls. Realizing was very heavy, but was well taken about the 10c level, and as profit taking sales diminished, the market worked higher, reaching the best point during the middle of the day when May and July sold at 10.12 and October at 9.96, or 20 to 23 points net higher.

Later, prices reacted several points under realizing by early buyers and room traders who were probably influenced by the talk of rain in the Southwest, but offerings were by no means urgent, and the close was well up from the low point of the day. Mail advices from Texas suggest that recent rains were heavier than indicated by official reports and some additional precipitation for the 24 hours ending this morning was reported, but the Texas forecast was for fair and colder weather, except showers in the easterly sections, and local bulls urge that the rainfall has been sufficient to offset the poor season in the ground.

Interior markets are said to be following the advance in futures, and the Southern markets officially reported today were 1-16 to 1-4 higher, while reviews of the dry goods situation indicated a more active business in cotton goods. Liverpool will reopen tomorrow morning and is due to come about 11 to 15 points higher to meet American gains since her close of Thursday.

Receipts at the ports today were 19,168 bales, against 12,178 last week and 8,921 last year; for the week 85,000 bales, against 91,004 last week and 71,514 last year. Today's receipts at New Orleans were 2,981 bales, against 4,390 last year and at Houston 5,585 bales against 1,894 last year.

Spot cotton closed quiet, 10 points higher; middling uplands 10.35; midling gulf 10.60; sales 100 bales.

Futures opened and closed steady.

THE DRY GOODS MARKET.

(By Wire to the Morning Star.)

New York, April 12.—The dry goods market opened quiet on general lines, but cotton goods and yarns are stronger and more active. Dress goods from domestic agencies are being ordered for fall by retailers. Jobbers are getting a very fair return from road men who are out with full goods. Raw silk is quiet and slightly heavy.

NEW YORK STOCK MARKET.

(By Wire to the Morning Star.)

New York, April 12.—Speculative operations for the advance were renewed with fresh confidence today in the stock market and prices were carried comprehensively upwards on a large and varied volume of business.

The hesitation manifest last week on account of the approach of the three days' vacation was largely dissipated with the passing of the holiday, although the great foreign markets were still in recess and took no part in the day's dealings in this market.

The industrial and specialties still held a conspicuous place in the day's most notable movements.

The prompt emergency from the Senate Committee on Finance of the amended tariff bill created a good impression, without much regard to the changes in the rates proposed, the promise of dispatch in the progress of the bill being more consistent than the substance of the changes.

The restoration of iron ore to the dutiable list as proposed in the Senate amendment induced an active demand for United States Steel and this had a sympathetic effect in reviving demand for the whole list.

Some of the day's reports from the crop regions were disliked in connection with the continued firmness of the wheat market. The tone of the market developed considerable irregularity in the late dealings, but many substantial gains were left for the day's showing.

Bonds were strong. Total sales, par value, were \$3,250,000. United States bonds were unchanged on call. The total sales of stocks for the day were 978,600 shares.

FINANCIAL MARKET.

(By Wire to the Morning Star.)

New York, April 12.—Money on call easy 1 1-2 to 2 per cent., ruling rate 1 3-4, closing bid 1 3-4, offered at 2.

Time loans very dull and steady; sixty days 2 to 2 1-4 per cent., and ninety days 2 1-2 per cent., six months 2 3-4.

Prime mercantile paper 1 1-2 to 2 per cent. Sterling exchange steady with actual business in bankers' bills at 4.8620 to 4.8630 for sixty day bills and at 4.8770 for demand. Commercial bills 4.85 5-8 to 4.86. Bar silver 50 7-8. Mexican dollars 44.

SERIES MURDERS STIRS TAMPA

Wealthy Marchant is Added to Victims of Supposed "Black-hand" Band.

SHOT DEAD FROM AMBUSH

Relatives of Murdered Man Know No Cause for the Crime—Assassins Dropped Their Weapons and Fled—Other Murders.

(By Wire to the Morning Star.)
Tampa, Fla., April 12.—The assassination of Giuseppe Ficarotta, a wholesale grocer and one of the most prominent and wealthy members of the local Italian colony, has added the third to a series of murders here which have been charged to the "blackhand" during the present year.
Ficarotta was going to his home from his place of business at a late hour last night and was shot by two men from ambush with shot guns loaded with heavy slugs. He was instantly killed and the assassins dropping their weapons fled. Ficarotta's relatives say they know no cause for the murder.

AGAINST NAVAL STORES CO.

Demurrer Assigned For Hearing To day—Alleged Conspiracy.

(By Wire to the Morning Star.)
Savannah, Ga., April 12.—When the cases against the American Naval Stores Company, the National Transportation and Terminal Company and six officers of the naval stores company were called in the United States District Court here today the defendants tendered a demurrer to the indictment against them.

The demurrer contains 21 grounds, but the main point is raised in the first two which involve the validity of the Sherman anti-trust law. The indictment charges the companies and six officers, E. S. Nash, president; S. P. Shotton, chairman of the executive committee; J. F. C. Meyers, vice president; C. J. Deloach, secretary; George Meade Boardman, of New York, treasurer; Carl Moller, Jacksonville, manager, of the naval stores company, with conspiracy in restraint of trade and to monopolize the naval stores trade not only in the United States but abroad, depressing the market, diverting trade from its natural port to another, issuing false statements as to market conditions, fraudulent grading of naval stores, attempted bribery and threats of boycott.
Judge Sheppard assigned the demurrer for hearing tomorrow morning.

VIRGINIA FOREST FIRES.

Have Resulted in Enormous Destruction of Timber.

(By Wire to the Morning Star.)
Roanoke, Va., April 12.—Forest fires that have raged throughout the mountains in Roanoke and Roanoke counties for the past week, did great damage last night a few miles north of Roanoke when several saw mills and many thousands of feet of cut lumber were destroyed. A number of small homes occupied by negroes were also burned. Tonight flames have nearly reached Carvin Creek at the entrance to Carvin's Cove, and should embers be carried across the stream the cove may be swept. The homes of relatives of John W. Kern, candidate for Vice President on the Democratic ticket last year, are located in the cove. The territory being burned over has not been on fire for more than ten weeks and no rain has fallen on it for more than two weeks.
Mill mountain, on the edge of Roanoke City, is on fire tonight and presents a beautiful spectacle.

H. M. FLAGLER RETIRES.

From Presidency of Florida East Coast Railway—His Successor.

(By Wire to the Morning Star.)
St. Augustine, Fla., April 12.—The directors of the Florida East Coast Railway in annual meeting elected J. B. Parrott president to succeed H. M. Flagler, who still retains the position of chairman of the board of directors. Mr. Parrott has been first vice president of the road and has had general charge and supervision of the seagoing extension. Mr. Parrott will continue as general manager of the road.
J. P. Beckwith was promoted to first vice president, made vacant by the promotion of Mr. Parrott.
J. E. Ingram was promoted to have charge of lands and industries. Other promotions were: W. H. Beardsley, treasurer; J. C. Salter, secretary; H. S. Jensen, assistant secretary; R. W. Parsons, assistant to the president.

ETNA IN ERUPTION.

Great Cloud of Smoke and Ashes Pouring From the Crater.

(By Wire to the Morning Star.)
Naples, April 12.—Mount Etna is in eruption. A great cloud of smoke is pouring out of the crater and ashes are falling thick on the surrounding country. Considerable apprehension is felt and the progress of the eruption is being watched with anxiety.

TARIFF BILL IN SENATE

Reported From Committee by Senator Aldrich—Democrat Majority's Action—House Resolution to Recall Bill to Correct Error.

(By Wire to the Morning Star.)
Washington, April 12.—The tariff bill was today reported by Mr. Aldrich from the Committee on Finance to the Senate and on Thursday it will be taken up for consideration. Senator Daniel led the Democratic criticism of the reporting of the bill to the Senate without affording the Democratic members an opportunity to inspect it. Senator Aldrich replied that to have proceeded otherwise would have entailed long delay and reminded the members of the minority that the Republican majority alone would be held responsible for the tariff legislation to be enacted by this Congress. The message from the House asking for the return of the bill reached the Senate too late to be received.
At 12:45 o'clock the Senate adjourned until Thursday.

House of Representatives.
The House was in session two hours and 15 minutes today. The first action taken was the adoption of a resolution calling upon the Senate for a return of the Payne tariff bill in order that it might be corrected so as to include products of petroleum in the free list. During the confusion incident to the passage of the bill Friday last it was believed that this provision was embodied in it, but it developed that such was not the case, although it clearly was the intention to include these products along with crude petroleum.

A good deal of opposition was encountered over two resolutions, one providing for the appointment of several janitors and the other making appropriations for the expenses of the House incident to the extra session. The first was defeated by being laid on the table and the other was adopted only after Mr. Macon, of Arkansas, had forced a roll call on a point of no quorum. 226 members responded to their names, which was considerably more than a quorum.

After sending the census bill to conference, the House at 2:15 P. M. adjourned until Thursday.

MONTICELLO HOTEL FIRE

Norfolk's Fire Hostelry Came Near Being Destroyed.

(By Wire to the Morning Star.)
Norfolk, Va., April 12.—Fire originating in the bottom of the freight elevator, where a plumber overturned a lighted candle and ignited a paint brush threatened serious damage to the Monticello Hotel. While the fire was confined to the cellar the smoke filled the hotel from top to bottom and from the outside it looked for a time as though the building was doomed. Finding it impossible to close the windows to the elevator shaft from the inside, Fire Chief McLoughlin went to the roof, seven stories and with a fire belt around his waist was lowered from the outside, shutting the windows and cutting off the draft as he descended.

AT BULL RUN BATTLEFIELD

General Nevius Commander of G. A. R. Visits the Grounds.

(By Wire to the Morning Star.)
Manassas, Va., April 12.—General Henry M. Nevius, commander-in-chief of the Grand Army of the Republic is the guest of the Manassas post at the home of Lieutenant Geo. C. Round. Today General Nevius and other distinguished union veterans visited the Bull Run battlefield where luncheon was served in the famous old stone house which bears the marks of shots and shell from the contending forces in the day's of '61. Tomorrow General Nevius, with Lieutenant Round as special aide, will leave Manassas for Hampton, Va., where the Grand Army Encampment of Virginia and North Carolina will meet on Wednesday.

BIG STEEL INTERESTS SOLD

Properties of Southern Steel Company Brought Over Five Million.

(By Wire to the Morning Star.)
Birmingham, Ala., April 12.—The properties of the Southern Steel Company (bankrupt) were sold today for \$5,111,000.
The re-organization committee, through W. W. Miller, of New York, bought in the properties.
John W. Tomlinson, attorney for the Schuyler interests, filed notice that the sale would have to care for the pending litigation against the company.

BLAZE AT PINE BEACH.

Eagle Hotel Destroyed and Watchman Fatally Burned.

(By Wire to the Morning Star.)
Norfolk, Va., April 12.—The Eagle Hotel and another frame building adjoining at Pine Beach were destroyed by fire last night and the 7-year-old child of night watchman Basharas, of the Virginian Railway, was probably fatally burned. The fire started from a stove while Mrs. Basharas and the child slept.

THE ALDRICH BILL IN COMMITTEE

Senate Substitute For House Bill Laid Before Full Committee.

ITS PROVISIONS EXPLAINED

Rates Generally Lower Than in House Bill—Three Times as Many Reductions as Increases—More Articles on Free List.

(By Wire to the Morning Star.)
Washington, April 12.—The Senate Committee on Finance, with all members present, met at 10 o'clock today and Chairman Aldrich presented the bill as amended by the majority of the committee.

Senator Aldrich, when requested to make a brief summary of the general character of the changes proposed by the Senate Finance Committee to the House tariff bill, furnished a statement in part as follows:

"In the main, the rates in the tariff bill as reported from the Senate Finance Committee are lower than those in the bill as it passed the House, the actual number of reductions being about three times the number of the increases. Such increases as have been made have been large rendered necessary to preserve the symmetry of the schedules. A considerable number of articles in common use have been taken from the dutiable list of the House bill and restored to the free list. The great mass of the rates reported are below those of existing law. The Senate committee restored from ore to the dutiable list at 25 cents per ton—a reduction of 25 cents a ton from the Dingley rate.

Schedule B (wood and manufactures of wood). The Senate has taken the House rate of \$1 per 1,000 on rough lumber, a reduction of a dollar from the Dingley law, and has retained the House rates on manufactures of woods, nearly all showing reductions from the Dingley rates. The only important change in the schedule made by the Senate committee was the restoration of imported hard woods to the free list.

The Senate committee left the sugar schedule as it came from the House, but reduced the House rate on sugared biscuits and wafers from 50 to 20 per cent.

The agricultural schedule, including meat products, remains practically unchanged from existing law, but where reductions were made by the House the Senate committee has restored the Dingley rates.

The Senate has returned cocoa to the free list believing that an article of such general consumption, both as a beverage and in all forms of chocolate should no more be made dutiable than tea or coffee.

The Senate committee has applied the same principle to spices, and has restored them to the free list, where they have always been. Again on the same principle the Senate committee increased the rates on spirits and wines 15 per cent. throughout which, it is estimated, will yield an additional revenue of \$3,000,000, most of which will come from the increased duty on champagne.

In the cotton schedule there has been an extension of the specific rates to cover a class of fancy goods and novelties which are covered in the existing law by ad valorem rates. The resulting ad valorem rates have not been increased.

The average rates in the cotton schedule, other than the rates on fancies and novelties, remain the same.

The Dingley rates on women's and children's gloves, which were materially increased by the House have been restored.

The provision of the Payne bill permitting the free entry of agricultural implements under certain conditions has been stricken out, but various increases have been made in the duties coming under the agricultural schedule.

The rates on corn, oats and wheat have been increased 5 cents per bushel and the duty on rye has been made 20 cents instead of 10 cents per bushel. An increase of 5 per cent. ad valorem has been made in the rate on live animals not specially provided for.

Mr. C. A. Schneck, head of the Baltimore Forestry Department, offers a reward of \$100 for evidence leading to the arrest and conviction of vandals who are alleged to have started the disastrous forest fires in the Vanderbilt possessions last week.

W. B. Causey, a prominent white man who was shot down on the streets of Hampton, S. C., Sunday by "Peg Leg" Hughes, a negro, and who was brought to a private hospital at Augusta, Ga., for treatment, died at 6 o'clock last night.

C. M. Calloway, convicted of running a blind tiger at Atlanta, Ga., yesterday, was sentenced to 12 months in the chain gang or to pay a fine of \$1,000.
